Orientation Week '23: A Glimpse into New Beginnings

An Awe-Inspiring Start: Parents & Students in High Spirits

The first day saw a surge of excitement as parents bid farewell to their sons and daughters, who are embarking on this incredible journey at Namal University. One parent aptly shared their feelings, saying, "I am very happy to see young faces entering into their new life. I am overwhelmed with joy seeing my little boy start this incredible journey. He has earned this scholarship at Namal University, and Inshallah, he will make the best of it." The enthusiasm in the air is palpable, and the energy is simply infectious.

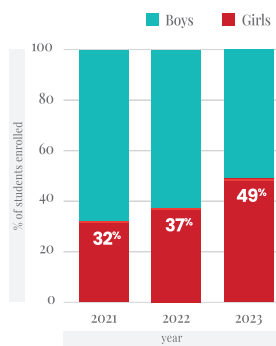

The Significance of Namal Scholarship Programme

It is essential to highlight that all the students joining us this year have earned their place through merit and need-based scholarships, made possible by the generous support of friends. This scholarship programme not only makes higher education accessible but also empowers students to pursue their dreams and contribute to society's progress.

The Future is Female

"When girls are given the right tools to succeed, they can create incredible futures, not only for themselves but also for those around them."
- Meghan Markle.

We are proud to share this year's female students' enrollment which has increased to an inspiring 49%. It makes us incredibly happy to see more and more women seeking higher education. Kudos to the parents who have set an example for others by supporting their daughters in their pursuit of higher education. As one student's father said, "We don't need sons only to carry our name forward. Our daughters are more than capable and it is our responsibility to support them in becoming successful and respectable citizens".

Acclimatising to New Horizons: Freshers Got Talent

Amidst the hustle and bustle of O-Week, our newest students are quickly adapting to their new environment. "Freshers Got Talent" is creating waves as it provides a platform for our newcomers to showcase their diverse talents. It's heartwarming to witness the skills, passions, and creativity that our students bring with them, setting the stage for a vibrant and inclusive Namal community.

Supercomputing & AI

Namal's Supercomputing Summer School Success

Namal University recently hosted Pakistan's inaugural Summer School on "Supercomputing for Artificial Intelligence & Big Data Applications." This event brought together over 60 participants from all over Pakistan to strengthen the connection between academia and industry, promoting sustainable economic growth.

Dr. Qaisar Ahsan, the Director General of the AI Technology Center Islamabad was the chief guest speaker. Notably, Engr. Muhammad Usman from the Barcelona Supercomputing Center, along with experts from Forbmax.AI and the New Zealand Center of Chiropractic, shared invaluable insights.

Namal Advancing AI & Supercomputing

This summer school played a pivotal role in highlighting the significance of AI and fostering discussions on various supercomputing solutions. It addressed the challenges faced by AI, paving the way for innovative solutions and cutting-edge advancements.

Creating New Alliances: Getting Experts On-board

On October 12, 2023, Namal University entered into a Memorandum of Understanding (MoU) with NovaTechX, a USA-based company.

NovaTechX offers a comprehensive platform that enables students and professionals to turn their technological and engineering concepts into tangible realities. This collaborative partnership promises to open the door to a wide array of mutually beneficial pursuits.

The fundamental purpose of this MoU is to establish a collaborative partnership between Namal University and NovaTechX, with the goal of enhancing learning and developmental opportunities in the realm of technology and innovation for students and faculty alike. This encompassing initiative includes various components such as comprehensive training for both faculty and students, engaging workshops, enriching internships, and invaluable mentorship for final-year projects (FYPs).

Moving Forward: Digital Evolution

The Department of Computer Science in collaboration with Namal Placement Center organized a seminar on "Digital Evolution: Shaping the Future". This gathering served as a bridge between academia and industry, where Usman Khan, the CEO of HR Force, talked about how projects progress from start to finish and the specific software needs for industrial projects. Additionally, Rizwan Butt, who serves as the Technical Talent Manager at Programmer Force, shared valuable information about the Development and Scalability of Products.

Voice of Education: NKC - Canada Chapter

Namal Knowledge City - Canada Chapter is a non-profit public benefit corporation dedicated to promoting education in Canada and Pakistan. It seeks to establish a collaborative public-private framework between Pakistani higher education institutions and Canadian stakeholders, with its main objective of raising funds for Namal University, Pakistan.

The corporation was started in 2016, by members of the Pakistani diaspora, and it has been going strong ever since. Every year, they organise a series of fundraisers in various cities across Canada. The next round of fundraising events are scheduled for December 2023. Follow our NKC - Canada Chapter on Facebook: Friends of Namal, Canada for updates.

Scholar's Spark!

A Remarkable Achievement

Namal University students of 4th year BS Computer Science, Zar Khanam and Muhammad Dawood secured the prestigious Best Research Paper Award at the International IEEE ICIT 2023 Conference, held at FAST-NU Faisalabad campus on October 9th to 10th.

Their paper, "Machine Learning Based Gender Prediction by Exploring Diverse Audio Features," stood out among top-notch research, exemplifying the calibre of education and the spirit of innovation at Namal University.

Their success reflects your continued support in fostering academic excellence and empowering the future leaders of Pakistan. Join us in celebrating their achievement and our shared journey towards academic brilliance. Your investment in education is an investment in a bright future.

Invest in Education

A GIFT THAT LASTS FOR GENERATIONS

You can contribute in the following categories:

- Scholarship Fund
- General Donation
- Zakat

A detailed profile of your sponsored student(s) will be shared with you, along with their regular academic performance.
