OCTOBER - DECEMBER | 2021

ISSUE # 13

Namal Becomes a **University**

Namal has acquired a University status, allowing it to reach closer to its vision of creating a center of excellence that will be known all over the world as Namal Knowledge City. This historic moment is the outcome of the amazing generosity of the Namal Family who have always shared Mr. Imran Khan's vision.

HISTORY IN THE MAKING

- 2002 • Mr. Imran Khan envisioned creating Namal Knowledge City
- 2005 • Namal College was made the associate college of the University of Bradford, UK
- 2008 • College was formally inaugurated & the first batch of students was admitted
- 2013 • Namal held its first convocation event
- 2019 • Degree Awarding Institute (DAI) was conferred & Namal Institute was constituted
- 2021 • Namal has acquired university status & has become Namal University

Taking Education to New Heights

RS. 1.7 BILLION

As Namal starts its new academic cycle we are reminded about the 13 years of Namal's growth and progress from humble beginnings.

Amount spent on scholarship from 2008 to 2021

(Amounts in PKR millions)

Since Namal's inception in 2008, **Rs. 1.7 billion** have been spent on the education of students.

Education matters for them. Many of them have been the first members of their families to pursue higher education. **We request friends of Namal to take this curve higher and higher.**

Namal's Earnest Supporters

I visited Namal University back in 2015 and was immediately captivated by its natural beauty that I would describe simply as 'breathtaking'. At the time, there was only one academic building and I imagined what this place might look like in the future. I saw immense potential!

Today, after six years, I must say that Namal has come a long way. I appreciate how it is transforming the rural landscape of Pakistan. ”

- Mr. Salim U. Ghauri

Mr. Salim U. Ghauri

Founder and CEO of NetSol Technologies

Mr. Adeel Hashmi

Actor, Producer, Filmmaker, Life Coach, and Philanthropist

I have had the privilege of being associated with Namal for the last ten years. I have seen it grow in many ways. Coming from across Pakistan with diverse backgrounds, the students are full of dreams and passion. The team behind Namal has done a selfless job by expanding it every year. I have visited the campus many times, only to be in awe each time. From a small little college to Namal University, to becoming Namal Knowledge City, this institution is torchbearer of hope and a bright future.

I am proud to be an extremely small and humble part of the Namal team. God bless Namal. God bless Pakistan. ”

- Mr. Adeel Hashmi

“
Namal University gave me the confidence to dream big, realize my potential, and taught me the value of having ambitious goals. ”

-
Muhammad Bilal from Rikhi

Now a U-Grad Scholar
 at Delta State University, Cleveland, Mississippi

“
I am Zanib Meharban, a final-year student pursuing a degree in Electrical Engineering. I grew up in my native town of Bhimber located in Azad Kashmir. My time at Namal has filled me with amazement and wonder. To me, it's a home away from home. Its peaceful location fascinates me above everything else. Every aspect of it is a learning opportunity. I have been able to learn not just from the dedicated faculty, but also from the nature and the environment which makes up this vibrant university.

Namal has instilled me with values of integrity, tolerance, and excellence which I carry with me even after graduation. ”

Namalites Shine Bright on National Television

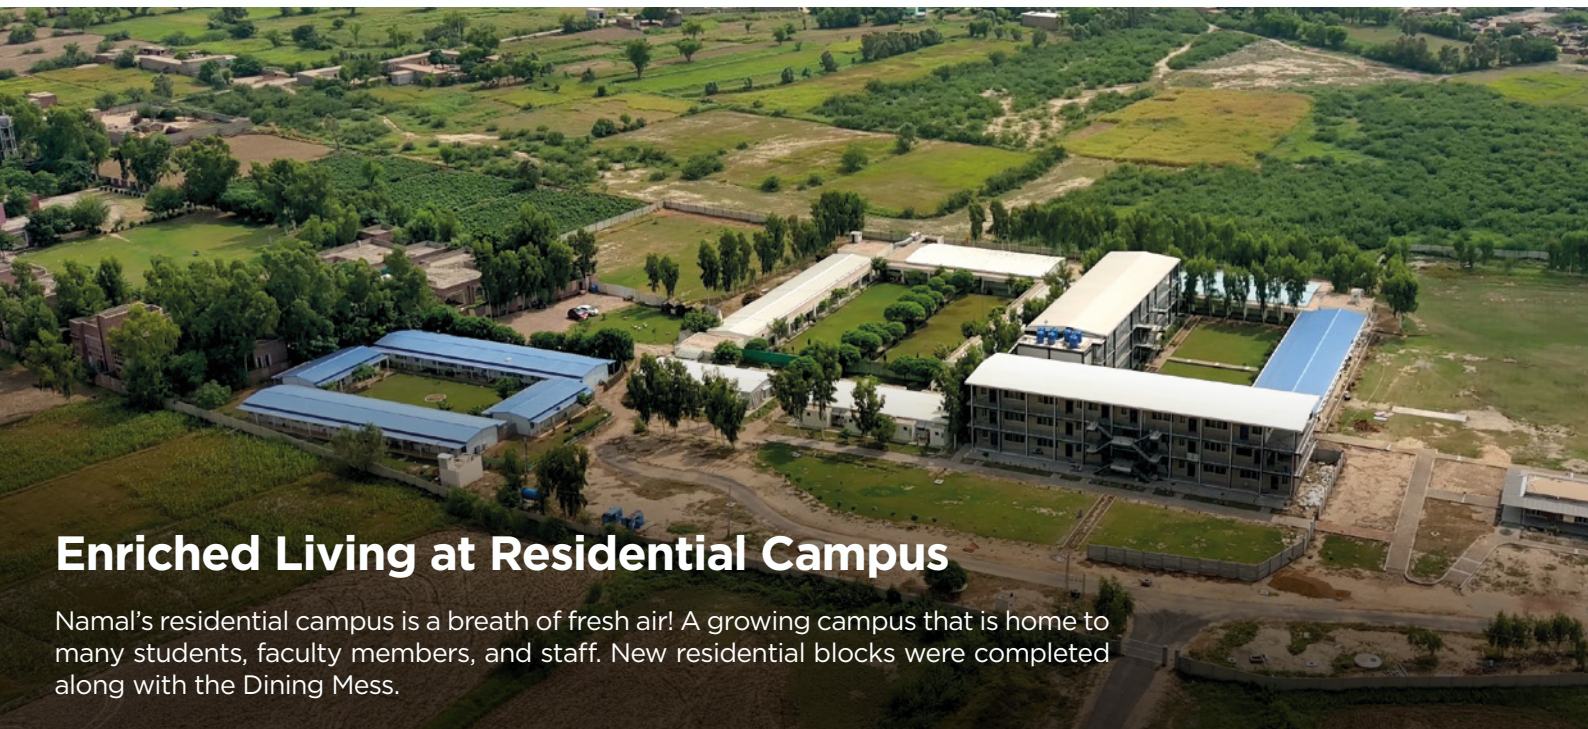

Shahbaz and Lariab, students from Namal Literary & Debating Society (LDS), made it to the finals of the quiz competition 'Mera Inam Pakistan' that was televised on PTV Home. The knowledge displayed by the students was exemplary and the Namal Family is proud of their achievement!

میرا انعام پاکستان

Enriched Living at Residential Campus

Namal's residential campus is a breath of fresh air! A growing campus that is home to many students, faculty members, and staff. New residential blocks were completed along with the Dining Mess.

A Strategic Partnership with HCC Technology Foundation

Namal has entered into a strategic partnership with HCC Technology Foundation to provide training-to-employment boot camps to female graduates to equip them with the knowledge and skills of emerging technologies. The objective of the program is to bridge the gender gap in technology especially in rural areas of Pakistan.

The initiative is being led by Tania Chaudhry, CEO of HCC Middle East, and Dr. Abrar Chaudhury, CEO of HCC Pakistan.

New Mess Constructed

The newest addition to the accommodation complex is the new mess that has been constructed using locally sourced and recycled materials such as concrete blocks and burnt bricks. The design and aesthetic of the tandoor has also been kept local and economical. The whole design and aesthetic is inspired by a rural setting.

Construction Update:

The construction of the Phase 1 of Namal Knowledge City is in full swing. Roads are being paved, plots are being leveled, and multiple technical surveys are being carried out to pave for a vibrant knowledge city.
