

Culture Day At Namal University

Honoring Our Roots, Building Our Future

Namal University Mianwali was transformed into a vibrant celebration of Pakistan's diverse heritage during Culture Day, organized by the Namal Society for Social Impact (NSSI). The atmosphere was lively, brimming with traditional cuisines, colorful attire, and performances reflecting Pakistan's diverse cultures from Punjab, Sindh, Balochistan, Khyber Pakhtunkhwa, and Gilgit-Baltistan. Each performance, whether it was a folk dance, a regional song, or a culinary presentation, reflected belonging, identity, and shared dreams.

The event was made special by the gracious presence of our Board of Governors (BOGs), who inaugurated the day with words of encouragement and unity. From the beats of the Dhol to the aroma of regional delicacies, every moment captured the spirit of togetherness and pride.

Culture Day wasn't just a celebration; it was a tribute to the beauty of unity.

New Milestone in Namal's Journey

Talent Advancement Center to strengthen student development and leadership training.

Namal University is constructing the Namal Talent Advancement Center to provide students with the resources and environment required to excel in today's competitive world. The facility covers a total area of 7,970 square feet and will serve as a dedicated hub for academic and professional development. It will house a state-of-the-art research center, modern auditoriums, lecture rooms, and office spaces to deliver comprehensive career support. This initiative reflects the university's commitment to preparing future leaders through access to advanced learning infrastructure and skill-building opportunities. The project is scheduled for completion by October 2025.

Muslim Care UK Contributes Computer Systems To Enhance Innovation at Namal

Muslim Care UK has partnered with Namal University to support student development and academic advancement. As part of this initiative, Muslim Care UK has provided 80 advanced computers and facilitated the upgrade of two computer laboratories. This collaboration significantly enhances students' access to modern technology. This builds an environment that promotes learning, innovation, and skill development. The partnership is a valuable step toward strengthening educational outcomes and empowering students at Namal University.

From Challenge to Convocation

My Journey to a Gold Medal

"Pursuing higher education was not a common path in my community. But somewhere deep inside, I believed that education could change my future, and it did."

"When I joined Namal University, everything changed. It wasn't just a campus, it was a place that welcomed me with hope and gave me the tools to transform my life. With each passing semester, I grew not only in knowledge but in confidence to believe in myself."

"The journey wasn't easy. There were countless moments of self-doubt and times when giving up felt easier. But I kept going and held on to the belief that my story could be different."

"This year, I graduated as a gold medalist. Standing on that convocation stage, I wasn't just celebrating a degree, I was celebrating every barrier broken, every challenge overcome, and every person who supported me."

"My story is just one among many. At Namal, stories like mine are rewritten with every shade of resilience, hope, and determination."

Zar Khanam (Gold Medal BS CS 2024)
